

ISIS TEMPLE

AURA CLEANSER

Uplifting, invigorating, and delightful, with essential oils, flower essences & gem elixirs

Transforms and renews energies in your Aura, your home, other environments, & personal items

Our **ISIS TEMPLE AURA CLEANSER** clears negative energy that can get trapped in your aura, home, or office. This energy can weigh you down and affect your emotions. Releasing it can help you & your loved ones feel lighter & happier, balanced, centered, grounded, loving & open. Releasing it from living & working spaces can also help you relax, tune in, communicate with others, & create success more effortlessly.

This negative energy may have been picked up from other people, from areas that we live, work or travel in, from current, or old emotions that we have not fully released.

DIRECTIONS

Spraying is a good method for cleansing your aura & the preferred method for cleansing your home, & work environment. Spray around the room, focusing on areas of interest. For your aura, spray in a circle above your head and allow the mist to fall through the aura. Repeat as often as you like, or the room needs. Spray jewelry and crystals but not *pearls, amber, opals, or anything that essential oils may damage*. Wipe off any residue that appears, if you wish.

Sweeping. Spread 3 sprays or 1 dropper of Aura Cleanser on your hands and brush down through the aura from above the head. Pay particular attention to around the head, the heart, and the chakras. Blocked energy collects in clumps, or in bands around the body, and within the chakras. Sweep all the chakras and any dense, hot, or cool areas you find. Trust your hands and your intuition.

WHEN TO USE IT

- 1) Sweep or spray your aura in the morning and evening each day.
- 2) Before, during, and after stressful situations, healing & counseling sessions, meditations, personal ritual. After any strong emotions, during times of change or confusion, or when making decisions.

- 3) Spray your spaces & power objects before and after working with them or clients.

SEQUENCED GOALS

The Aura Cleanser moves energy gently and with its many ingredients has the capacity to adjust to your Aura's needs. Using it helps your hands & intuition open to develop their natural sensitivities to subtle energies.

The Aura Cleanser sequentially cleans and strengthens your aura, renews life force, and enhances your connections to Spirit, mother earth, & your personal life path. Its energy can also be used for any positive purpose or goals you may have.

The Aura Cleanser's gentleness works very well for children & pets. Start gently, with a small amount, to let them integrate its scent and feel it energy- moving effects gradually.

ELEMENTALLY BALANCED

The AURA CLEANSER is elementally balanced, containing equal amounts of Air, Fire, Water, & Earth. This means it is more flexible than traditional single and dual element cleansing methods such as smudging, salt and water, salt and fire, sunlight, moonlight, and visualization.

When combining other cleansing techniques with the Aura Cleanser use the Aura Cleanser second to take fullest advantage of its other sequenced goals.

HAND-MADE WITH LOVE

At Botanical Alchemy we lovingly handmade the Aura Cleanser in small batches. It contains 6 Essential Oils, 35 flower essences and 16 gem elixirs. If you have any questions or stories please contact us.
